General Admission Requirements

Undergraduate Day Program Freshmen Students

A freshman student classification includes any student who has not attempted 12 or more college level credit hours post-graduation from high school or post-completion of a GED. Students who have attempted 12 or more college level credit hours may be considered a transfer student for admission and scholarship purposes. Credits earned prior to high school graduation as part of a dual enrollment program or credit by examination are not considered in the 12 or more college-level credit hours.

Students may begin to apply for admission after their junior year in high school. The Office of Admissions recommends students submit all items listed below for admission review. Students may be reviewed, however, without all materials below and receive an admissions decision.

- A completed online application
- High school transcripts, including any college credit coursework.
- Scores on the SAT, ACT or the Classic Learning Test (CLT) a student would like to submit for consideration. Admission to PBA is test optional for 2024-2025. Some scholarship application, state and federal grants may require a test score. PBA reserves the right to request a test score at any point in the admissions process.
- Any additional materials or steps requested by the Office of Admissions (i.e. international transcript evaluations, essays, letters of recommendation, post-secondary transcripts, or personal interview).

In general, students should complete at least the following college preparatory coursework including: English (4 units), mathematics (3 units at the level of Algebra I or higher), natural science (3 units with lab), social science (3 units of history, government, economics, psychology, or sociology). Some flexibility is permitted in choice of subjects. Students may be accepted for admission without the recommended number of courses in a particular field. The GED is acceptable as a substitute for a high school diploma. Final transcripts with graduation date should be submitted prior to enrollment. Failure to submit final transcripts and/or official test scores or other requested items may result in a hold or automatic withdrawal from classes (subject to corresponding tuition, fees, or other charges assessed to that point in time).

The Admission Review Committee holistically considers all pieces of an application file including, but not limited to the academic strength of a student's program, grade point average (GPA), participation in extracurricular activities, or overall fit with the University.

Undergraduate Day Program Transfer Students

A transfer student classification includes any student who has attempted 12 or more college level credit hours post-graduation from high school or post-completion of the GED. Students who have attempted less than 12 college level credit hours may be considered a freshman student.

Students may begin to apply for transfer admission at any point after attempting 12 or more college level credit hours post-graduation from high school or post-completion of the GED. Transfer students must be in good standing with all previous institutions attended and eligible for return prior to enrolling at PBA. The Office of Admissions recommends students submit all items listed below for admission review. Students may be reviewed, however, without all materials below and receive an admissions decision.

- A completed online application
- Official transcripts from all colleges previously attended. NOTE: Unofficial electronic documents may be used during the admission process; however, they are not acceptable for official university use (i.e. official course transfer credit evaluation).
- Any additional materials or steps requested by the Office of Admissions (i.e. international transcript evaluations, letters of recommendation, post-secondary transcripts, or personal interview).

Despite having transferable college credit, a student applying for transfer admissions may be required to submit ACT/SAT/CLT and/or high school transcripts as part of the application process.

Students attending an institution with an established Memorandum of Understanding (MOU) or Articulation Agreement (Agreement) will be held to the same application and admission requirements. Should an MOU or Agreement dictate differently, we will defer to the terms of those expressed agreements.

Credit will be awarded for courses completed at regionally accredited institutions if they approximately correspond to PBA courses and if the student has earned a grade of “C-” or better. All official college transcripts must be submitted directly to Palm Beach Atlantic University from every institution previously attended prior to enrollment at PBA. This includes institutions where courses were attempted and credit was not earned (failing grades or withdrawals). If the transcripts are not submitted, financial aid and class registration will be frozen. Failure to submit official transcripts may result in automatic withdrawal from courses (subject to corresponding tuition, fees, or other charges assessed to that point in time). We will make an effort to encourage official transcripts prior to the student enrolling for their respective term. For Financial Aid, FAFSA self-certify will verify high school completion. PBA reserves the right to research previous institutions attended through the National Student Clearinghouse database.

A student presenting transfer credit from an institution that was not accredited as degree granting by a post-secondary regional accrediting commission at the time the course work was completed may seek credit validation upon the successful completion (at least a cumulative GPA of 2.0) of 30 credit hours at PBA. For planning purposes, an unofficial evaluation of credit will be provided at the time of enrollment. Only courses that parallel those of PBA and for which a grade of “C-” or better has been earned will be considered. Upon the completion of the residency

requirement and satisfaction of the academic progress requirement, the unofficial evaluation will be validated and the courses will transfer as noted on the official evaluation. The student must submit written notification to the Office of the Registrar upon successful completion of the residency requirement.

Articulation Agreement: Any student completing an Associate of Arts degree from a regionally accredited community college is guaranteed:

- Junior standing with the application of a minimum of 60 credit hours toward the baccalaureate degree; and
- Recognition of completion of the Faith, Roots, and Reason (General Education) requirements, excluding Exploring the Bible, Christian Values and Biblical Faith, and Freedom in American Society.

International Students

International student classification includes any student without U.S. Citizenship or Permanent Residency. Please note that students who are U.S. Citizens or have U.S. Permanent Residency who attend an institution outside of the United States may be required to submit third-party translations or evaluations of any transcript. International students applying to PBA should submit an application at least two months prior to the desired date of enrollment for full consideration. International students are classified as Freshman or Transfer based on the parameters previously outlined. The Office of Admissions recommends students submit all items listed below for admission review. Students may be reviewed, however, without all materials below and receive an admissions decision.

Freshmen

- A completed online application
- Scores on the SAT, ACT or the Classic Learning Test (CLT) a student would like to submit for consideration. Admission to PBA is test optional for 2024-2025. Some scholarship application, state and federal grants may require a test score. PBA reserves the right to request a test score at any point in the admissions process.
- English language proficiency scores; For students seeking entry to PBA from a country where English is not the primary language, a minimum TOEFL score of 79, IELTS score of 6.5 or Duolingo score of 100 is required. This requirement is waived for students who have enrolled at a school in the US for at least one academic semester, have enrolled at an English language school for at least one academic semester or have enrolled at a school outside of the US where the primary language of instruction is English for one academic semester
- International transcripts must be evaluated by a company that is a member of the National Association of Credential Evaluation Services, Inc. www.naces.org. An official course-by-course evaluation must be sent to PBA by the evaluation company to complete the admissions application and have any eligible credits evaluated for transfer.

Transfers

- A completed online application
- English language proficiency scores; For students seeking entry to PBA from a country where English is not the primary language, a minimum TOEFL score of 79, IELTS score of 6.5 or Duolingo score of 105 is required. This requirement is waived for students who have enrolled at a school in the US for at least one academic semester, have enrolled at an English language school for at least one academic semester or have enrolled at a school outside of the US where the primary language of instruction is English for one academic semester
- Official transcripts from all colleges previously attended. NOTE: Unofficial electronic documents may be used during the admission process; however, they are not acceptable for official university use (i.e. official course transfer credit evaluation).
- Any additional materials or steps requested by the Office of Admissions (i.e. essays, letters of recommendation, or personal interview).

Despite having transferable college credit, a student applying for transfer admissions may be asked to submit ACT/SAT/CLT and/or high school transcripts as part of the application process.

Student Visa: International students who are not citizens or residents of the U.S. and do not hold a qualifying visa type to study in the US are required to apply for an F-1 student visa to study at PBA. Proof of financial support including tuition, living and other miscellaneous expenses for one academic year is required to apply.

Undergraduate Online Program Transfer Students

Undergraduate PBA Online Program Students in the Bachelor of Arts in Ministry: Any student completing an Associate of Arts degree from Florida's Community College System conferred after November, 1992, or any regionally accredited community or state college is guaranteed (1) junior standing with the application of a minimum of 60 credit hours toward the baccalaureate degree and (2) recognition of completion of the Faith, Roots, and Reason (General Education) requirements, excluding MLS 2003 - Foundations for Christian Ministry, PLS 3003 - Freedom in American Society, BIB 1003 - Exploring the Bible, and THL 4153 - Christian Values and Biblical Faith.

Undergraduate PBA Online Program Students in the Bachelor of Science in Organizational Leadership, Bachelor of Science in Community Psychology, Bachelor of Arts in Christian Studies, or Bachelor of Arts in Communication Studies: Any student completing an Associate of Arts degree from Florida's Community College System conferred after November, 1992, or any regionally accredited community or state college is guaranteed (1) junior standing with the application of a minimum of 60 credit hours toward the baccalaureate degree and (2) recognition of completion of the Faith, Roots, and Reason (General Education) requirements, excluding LAS 1003 - Learning and Academic Success at PBA, PLS 3003 - Freedom in American Society, ORL 2023 - Academic Research Techniques, BIB 1003 - Exploring the Bible, and THL 4153 - Christian Values and Biblical Faith.

The Undergraduate Online Programs are designed to apply previous accredited college coursework towards your degree at Palm Beach Atlantic University.

Transfer coursework accepted for credit toward the degree must be completed at an institution accredited as degree-granting by a post-secondary regional accrediting commission at the time the coursework was completed. Full credit will normally be given for courses transferred from such an institution if the student has earned a grade of “C-” or better.

A student presenting transfer credit from an institution that was not accredited as degree granting by a post-secondary regional accrediting commission at the time the course work was completed may seek credit validation upon the successful completion of 30 credit hours at PBA, maintaining a 2.0 PBA cumulative GPA or higher. For planning purposes, an unofficial evaluation of credit will be provided at the time of enrollment. Only courses that approximately parallel those of PBA, and for which a grade of “C-” or better has been earned, will be considered. Upon the completion of the residency requirement and satisfaction of the academic progress requirement, the unofficial evaluation will be validated and the courses will transfer as noted on the official evaluation. The student must submit written notification to the Office of the Registrar upon successful completion of the residency requirement. Non-accredited coursework will not transfer to PBA.

PBA accepts course-by-course international transcript evaluations from SpanTran: The Evaluation Company. A student may also request a course-by-course evaluation from any of the evaluators who are members of the National Association of Credential Evaluation Services (NACES). A list of current members can be found here: <https://www.naces.org/members>

Note: Telefaxed documents, both academic and financial, may be used during the admission process; however, they are not a substitute for official transcripts.

Faith, Roots, and Reason (General Education Program)

The Faith, Roots, and Reason program at Palm Beach Atlantic University is the unifying educational experience for all undergraduate students. By initiating students into the liberal arts and sciences, the program promotes the Guiding Principles of the university and provides a shared intellectual and spiritual frame of reference that unites the campus. By fostering the love of learning, creative expression, critical inquiry, and vibrant faith, the Faith, Roots, and Reason program plays a vital role in the formation of virtuous citizens.

The Faith, Roots, and Reason program at PBA promotes the development of contemplative and active citizens. To this end, the Faith, Roots, and Reason curriculum cultivates the mind, develops moral character, and introduces the rewards of a lifetime of learning. Thus, it is both a sacred duty and a worthy investment.

To provide accurate guidance for community college students seeking admission into a program of study at PBA, the general education requirement track is listed below with the recommended programs of study at community college. In addition, certain majors have exceptions to the General Education Track; those are listed below as well.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

Admission to programs of study in art is through evaluation by the faculty of a prospective student's portfolio. Portfolios (electronic or otherwise) are submitted through the Admissions Department to the Chair of the Department of Visual & Media Art. An interview may also be required. Students admitted must maintain a 2.75 GPA for all classes within the major.

All art majors will have their progress reviewed annually, and must maintain a 2.75 grade point average in all art courses attempted at Palm Beach Atlantic University in order to continue in

good standing. Admission to upper level study is determined on the basis of the student's cumulative GPA in art courses completed by the end of the fourth semester, the recommendation of the student's advisor, and the satisfactory completion of an interview with the art faculty committee. The art faculty reserves the right to dismiss any student from a major or minor in art if he or she fails to meet departmental standards. Decisions to dismiss a student will be reviewed automatically by the executive committee of the College of the Arts, and a student may appeal to the Dean. Every attempt will be made to counsel a student into a more suitable major in the event that he or she is unable to meet the standards of the department.

Acceptance of transfer students or current PBA students wishing to declare an art major or minor after their freshman year is based on an entrance interview, preferably supported by a portfolio of previous art work. Acceptance may be full or provisional. If provisional, appropriate recommendations will be made, and opportunities for developmental work may be offered. Upon satisfactory completion of any recommendations, full acceptance will be granted. Such students must maintain a 2.75 GPA for all classes within the major. Classes taken to satisfy minor or general education requirements are not counted towards the minimum necessary GPA. If during either of the first two semesters after being accepted into the program a student does not maintain the minimum necessary GPA their progress will be reviewed by the art faculty to determine if they will be allowed to continue in the program. If there is insufficient evidence to suggest that they will be successful they will be required to change majors.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

Formal admission into this concentration requires that students go through an application and screening process during the spring semester of the sophomore year.* The application and screening process is carried out by the Pre-Health Advisory Committee. The Pre-Health Advisory Committee meets with pre-health students twice a year on the first Friday of each semester at 11 a.m. in MAC 1291. The expectations of pre-health students, including the application and screening process, will be discussed at these meetings. Pre-health students must attend these meetings if they expect to be admitted into this concentration. **Students who are not formally accepted into the Concentration in Pre-Health Preparation will not be allowed to graduate with this concentration.**

* Junior or senior transfer students must apply during their first semester at PBA. Students who wish to enter this program after the sophomore year must contact the Pre-Health Advisory Committee immediately.

RECOMMENDED PROGRAM OF STUDY TO BE TAKEN AT THE COMMUNITY COLLEGE:[Track A: General Education Program](#)**Program Structure**

The required curriculum for the Christian Studies major is composed of three-credit hour courses normally offered during eight-week subterms. Online courses are delivered electronically through the University's Learning Management System. Each online course is primarily asynchronous. Students view lessons and complete assignments at the time of their choosing within stated course deadlines, which typically follow a weekly rhythm. Online courses also invite students to attend several synchronous virtual class sessions through designated technology. Generally, for each 8-week course, students are invited to attend two or three of these live virtual meetings. As an accelerated program, the Christian Studies major is designed so that full-time students can complete 30 credits each academic year: 12 credits each fall, 12 credits each spring, and 6 credits each summer. Students will need to take courses

toward this major in both an odd and even spring semester in order to complete the required coursework. Some courses that are required for the Christian Studies major are available only during the summer term.

Faith, Roots, and Reason (General Education) Requirements - 45 Credit Hours

The Faith, Roots, and Reason (General Education) Global Studies requirement is fulfilled through another course in this major. Only 39 of the 45 credit hours of the Faith, Roots, and Reason (General Education) program will still be required for the completion of this program.

As part of the remaining 6 credit hours of Faith, Roots, and Reason (General Education) requirements, students must elect to complete LAS 1003 - Learning and Academic Success at PBA* from the Orientation menu, and PLS 3003 - Freedom in American Society as their “freedom” selection.

*Note: Students who change their major to Christian Studies after successfully completing either MLS 2003 - Foundations for Christian Ministry or FYE 1001 - First Year Experience from the Faith, Roots, and Reason Orientation menu are not required to take LAS 1003 - Learning and Academic Success at PBA.

Required B.A. in Christian Studies Courses - 21 Credit Hours

- BIB 2063 - Introduction to Christian Thought
- BIB 2213 - Introduction to Bible Study
- ICS 3503 - World Religions (This course satisfies the Faith, Roots, and Reason Global Studies requirement and counts as a required course in the BACS major.)
- MLS 2043 - Spiritual Formation
- MLS 3723 - Worship
- MLS 4063 - Church in Society (This course satisfies the Faith, Roots, and Reason Social Science requirement and counts as a required course in the BACS major.)

Select one:

- BIB 3073 - Exploring the Old Testament or
- BIB 3083 - Exploring the New Testament

B.A. in Christian Studies Elective Courses - 9 Credit Hours

Select 9 credits of upper-level (3000- or 4000- level) courses. Choose APL 3373 or courses with the BIB, ICS, MLS, or THL course prefixes (excluding THL 4153). Courses that are satisfying a requirement in a student’s minor or certificate cannot also count as an elective for the BA in Christian Studies.

Additional Required Credit Hours - 51 Credit Hours

These additional hours may be fulfilled by a minor, second major, general electives taken concurrently, previous coursework taken at PBA or through transfer credits.

Up to 27 credits are possible through Professional Education Credits. See Academic Policies for information on PECs.

Note:

No more than one-third of a student's required credits for a major or a minor in the School of Ministry may come from transfer or transient credits.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

In addition to PBAU application procedures, prospective students seeking to major in dance must submit an application for acceptance as a dance major via Acceptd and complete a dance audition. Application materials must include:

- A letter of recommendation from a high school dance teacher or other dance professional familiar with your work and character
- An essay describing why you want to pursue dance as a major. Consider goals in college and beyond (one page, single-spaced – 500 words max.)
- A one-page resume including dance trainings, performance experiences, achievements and awards, skills, and academic GPA
- A head shot
- A full-body dance shot
- A solo video (1-2 minutes, any style/genre)

Acceptance for study as a dance major is based on review of the applicant's technical proficiency, character, and alignment with the department's mission.

Application materials should be received and auditions completed at least six weeks before the student's first term as a dance major to ensure optimal course placement.

School of Liberal Arts and Sciences Additional Natural Science Requirements - 5 Credit Hours

Students in the School of Liberal Arts and Sciences must take five additional hours of natural science: 1 lab to accompany the course taken for general education. The two natural sciences must be in different areas: one must be a life science (biology) and the other must be a physical science (chemistry, physics, oceanography, earth science, or forensic science). In sum, students are required to take a minimum of 8 hours of natural science courses (one life science and one physical science, with their associated labs).

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

In addition to University application procedures, prospective students seeking to major in music must file an application with the College of the Arts. Approval for study as a music major is based on several factors, including an audition, interview, and review of previous work. All prospective students must complete a live audition and interview with the music faculty prior to the semester of initial enrollment. If a student lives too far from an audition site for a live audition to be practical, a digital recording may be submitted for provisional consideration, to be followed up by a live audition and interview when the student arrives on campus. Application materials should be received and auditions completed at least six weeks before the beginning of the student's first term in the music major in order to ensure a place in applied music, ensembles, and required music courses. After a student has been approved for study in a major or principal area, any change requires faculty approval and a new audition/interview. Conditional acceptance in a major or principal area of study must be upgraded to full acceptance by the end of the student's second term in the program. No audition or interview is required for the music minor.

Students must have a cumulative GPA of 2.0 or higher in the undergraduate portion and the pharmacy portion of the major to graduate with the BS degree in Medicinal and Biological Chemistry with a Pharmaceutical Concentration. Students also must complete all courses in the major (both at the undergraduate level and in the Gregory School of Pharmacy) with a grade of C- or above.

Microbiology Policy for Students Seeking Admission to the Gregory School of Pharmacy

1. Transfer students, who are pursuing the B.S./PharmD program and who have lower level credit in microbiology, may choose to:
 - a. Take the upper credit level microbiology course (BIO 3501/BIO 3503) at Palm Beach Atlantic (preferred option) or
 - b. Take one of the following upper level courses: Molecular Biology (BIO 3053/BIO 3152) or Cell Biology (BIO 3101/BIO 3103) or Genetics (BIO 3111/BIO 3113) or Biochemistry II (CHM 3311/CHM 3313) or Virology (BIO 4013).
2. Transfer students in the Two Year Pre-Pharmacy Program who have prior lower level credit in microbiology may use it to meet the pre-requisite of the Gregory School of Pharmacy.
3. All other students and transfer students without prior microbiology course credit will take Microbiology (BIO 3501/BIO 3503). This requirement may not be met by transient study.

Major in Ministry Curriculum Requirements

Technology Prerequisite - 0 Credit Hours

Full completion of “Sailing for Success at PBA,” the University’s new online student orientation, is desired prior to or within 10 days of the start of the student’s first for-credit course.

Faith, Roots, and Reason (General Education) Requirements - 45 Credit Hours

The Faith, Roots, and Reason (General Education) Global Studies and Social Science requirements are fulfilled through courses in this major. Only 39 of the 45 credit hours of the Faith, Roots, and Reason (General Education) program will still be required for the completion of this program.

As part of the remaining 39 credit hours of Faith, Roots, and Reason (General Education) requirements, students must elect to complete MLS 2003 - Foundations for Christian Ministry from the Orientation menu and PLS 3003 - Freedom in American Society as their “freedom” selection.

Required B.A. in Ministry Courses - 33 Credit Hours

- BIB 3003 - Interpreting the Bible
- BIB 3073 - Exploring the Old Testament
- BIB 3083 - Exploring the New Testament
- ICS 3503 - World Religions (Ministry majors satisfy both the Faith, Roots, and Reason Global Studies elective requirement and a Ministry Core Course requirement by taking World Religions.)
- MLS 2043 - Spiritual Formation
- MLS 2413 - Principles of Christian Leadership
- MLS 4063 - Church in Society (Ministry majors satisfy both the Faith, Roots, and Reason Social Science elective requirement and a Ministry Core Course requirement by taking Church in Society.)
- MLS 4403 - Theology & Ethics of Ministry
- THL 4033 - Systematic Theology
- ICS 3063 - History and Theology of Missions or
- THL 3173 - History of Christianity
- APL 3373 - Evangelism & Apologetics or
- MLS 3003 - Conflict & Crisis in Ministry or
- MLS 3093 - Leadership and Organizational Effectiveness for Ministry or
- MLS 3743 - Homiletics or
- MLS 4213 - Education in the Church
- MLS 1000 - Ministry Connect (Online Ministry majors are required to be enrolled in Ministry Connect each semester from their entry into and until their graduation from the Online Ministry program.)

B.A. in Ministry Elective Courses - 9 Credit Hours

Select 9 credits of upper-level (3000- or 4000-level) School of Ministry courses (except THL 4153).

Additional Required Credit Hours - 33-39 Credit Hours

These additional hours may be fulfilled by declaring and completing one of the optional concentrations listed below, a minor, second major, general electives taken concurrently, previous coursework taken at PBA, or through transfer credits. Up to 27 credits are possible through Professional Education Credits. See Academic Policies for information on PECs.

Concentration in Preaching and Teaching - 9 Credit Hours

Students majoring in the B.A. in Ministry program can choose to add a Concentration in Preaching and Teaching consisting of 9 credit hours from the courses listed below. Students may use one course (3 credit hours) in the concentration to satisfy a requirement in both the major and the concentration.

Select three:

- APL 3373 - Evangelism & Apologetics
- MLS 3743 - Homiletics
- MLS 4213 - Education in the Church

- MLS 4713 - Practicum in Ministry

Students should be placed in an internship or practicum context involving preaching or teaching.

Concentration in Pastoral Ministries - 9 Credit Hours

Students majoring in the B.A. in Ministry program can choose to add a Concentration in Pastoral Ministries consisting of 9 credit hours from the courses listed below. Students may use one course (3 credit hours) in the concentration to satisfy a requirement in both the major and the concentration.

Select three:

- MLS 3003 - Conflict & Crisis in Ministry
- MLS 3093 - Leadership and Organizational Effectiveness for Ministry
- MLS 3723 - Worship
- MLS 3743 - Homiletics
- MLS 4103 - Ministerial Care

- MLS 4713 - Practicum in Ministry

Students should be placed in an internship or practicum context involving pastoral ministries.

Note:

Students seeking early graduate admissions (EGA) to PBA's Master of Divinity or M.Div./MBA Degree must meet the required EGA course requirements for the major, as outlined in the Early

Graduate Admission: Graduation Requirements for Online Ministry Majors. Up to thirty-five (35) graduate hours can be applied toward the completion of the B.A. degree.

No more than one-third of a student's required credits for a major or a minor in the School of Ministry may come from transfer or transient credits.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

In addition to University application procedures, prospective students seeking to major in music must file an application with the College of the Arts. Approval for study as a music major is based on several factors, including an audition, interview, and review of previous work. All prospective students must complete a live audition and interview with the music faculty prior to the semester of initial enrollment. If a student lives too far from an audition site for a live audition to be practical, a digital recording may be submitted for provisional consideration, to be followed up by a live audition and interview when the student arrives on campus. Application materials should be received and auditions completed at least six weeks before the beginning of the student's first term in the music major in order to ensure a place in applied music, ensembles, and required music courses. After a student has been approved for study in a major or principal area, any change requires faculty approval and a new audition/interview. Conditional acceptance in a major or principal area of study must be upgraded to full acceptance by the end of the student's second term in the program. No audition or interview is required for the music minor.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

The following students apply to the Upper Division Nursing Major through Traditional Competitive Admission:

- Students who are not eligible or selected for Freshmen Direct Admission
- Freshmen Direct Admission students who are unsuccessful in a course or whose GPA falls below 3.0
- Transfer students who have fulfilled all pre-requisite courses.

Admission to the Upper Division Nursing Major is selective and is based on the student's ability to compete academically with other applicants. The competitiveness of the applicant pool changes each year/semester according to the applicant pool's qualifications. Competitiveness is not evaluated by a delineated algorithm, but factors that will be taken into consideration include: GPA, science GPA, performance on the entrance examination, essay, extracurricular activities, work experience, multiple attempts at the same class, and number of classes failed or withdrawn. Meeting minimum criteria does not guarantee admission; exceptions to minimum requirements may be made in extraordinary circumstances on a case by case basis.

The number of students admitted to the major in any given semester/year is limited to those who can be accommodated, given available resources. Availability of space may vary from year to year depending on resources and need.

Current students may apply through myPBA > Schools > Nursing. Prospective transfer students must apply to using NursingCAS (see NursingCAS section below for additional detail).

Acceptance of Admission to Upper Division Nursing Major

In order to be considered for admission to the Upper Division, the applicant must submit application and all supporting materials to the School of Nursing.

Palm Beach Atlantic University students who apply and meet the criteria by the October 1 deadline receive priority consideration for admission to the upper division nursing major.

Upon acceptance, students must submit all additional required documents by two weeks prior to commencement of the fall term in accordance with the School of Nursing Handbook (available online at www.pba.edu/nursing). Required documentation includes American Heart Association Basic Life Support for the Healthcare Provider (CPR), criminal background check, urine drug screen, immunizations and physical examination, proof of insurance, and tuberculosis test, and requested quiz results.

Applicants must be able to complete, prior to enrollment in the major, all specific prerequisites required for the upper division and have at least sophomore standing at PBA. All requirements must be met before the first clinical course and for entire time of enrollment in the School of Nursing.

Applicants who have previously attended another nursing program must have a letter from the program administrator stating that the student could return in good standing to the original program.

Students must formally accept or decline admission. Students who decline admission and later reapply must compete with the applicant pool existing at the time of reapplication. Students who decline an admission invitation two times are ineligible to be considered for future admission.

Acceptance to the program is provisional upon meeting all of the requirements for the Upper Division Nursing Major. Failure to meet all requirements results in loss of acceptance and the student must reapply to the nursing program. The School of Nursing will administer diagnostic tests the first week of class. Students who do not meet the minimum criteria may lose their acceptance and will be dropped from nursing courses. Without exception, all diagnostic testing is administered physically at the School of Nursing.

Failure to enroll in nursing classes by the date indicated on the provisional acceptance letter will result in loss of acceptance. Students are not considered upper division until they have successfully completed NUR 2003, NUR 2013, and NUR 2023. Failure to successfully complete any of these courses results in loss of acceptance, and the student must reapply the following year for competitive review.

Articulation

Students with an A.A. degree from an accredited college or university may articulate into the nursing program. In addition to all nursing courses, these students must also complete or transfer the following courses with a grade of “C” or higher. This also applies to students with a prior bachelor’s degree. Courses with an asterisk must be completed prior to beginning clinical courses. Anatomy & Physiology I & II* (8 credits), Chemistry with lab* (4 credits), English* (6 credits), Statistics* (3 credits), Microbiology* (4 credits), Nutrition* (3 credits), Lifespan Development* (3 credits), General Psychology* (3 credits), Exploring the Bible (3 credits), Freedom in American Society (3 credits), Christian Values and Biblical Faith (3 credits).

Natural Science and Technology Transfer Credits – Natural Science and Technology courses completed more than 5 years prior to enrolling at PBA will not be accepted for transfer credit toward a major or minor. Natural Science and Technology courses may be counted toward General Education credits up to 7 years after completion.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

In addition to University application procedures, prospective students seeking to major in music must file an application with the College of the Arts. Approval for study as a music major is based on several factors, including an audition, interview, and review of previous work. All prospective students must complete a live audition and interview with the music faculty prior to the semester of initial enrollment. If a student lives too far from an audition site for a live audition to be practical, a digital recording may be submitted for provisional consideration, to be followed up by a live audition and interview when the student arrives on campus. Application materials should be received and auditions completed at least six weeks before the beginning of the student's first term in the music major in order to ensure a place in applied music, ensembles, and required music courses. After a student has been approved for study in a major or principal area, any change requires faculty approval and a new audition/interview. Conditional acceptance in a major or principal area of study must be upgraded to full acceptance by the end of the student's second term in the program. No audition or interview is required for the music minor.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

Admission to programs of study in art is through evaluation by the faculty of a prospective student's portfolio. Portfolios (electronic or otherwise) are submitted through the Admissions Department to the Chair of the Department of Visual & Media Art. An interview may also be required. Students admitted must maintain a 2.75 GPA for all classes within the major.

All art majors will have their progress reviewed annually, and must maintain a 2.75 grade point average in all art courses attempted at Palm Beach Atlantic University in order to continue in good standing. Admission to upper level study is determined on the basis of the student's cumulative GPA in art courses completed by the end of the fourth semester, the recommendation of the student's advisor, and the satisfactory completion of an interview with the art faculty committee. The art faculty reserves the right to dismiss any student from a major or minor in art if he or she fails to meet departmental standards. Decisions to dismiss a student will be reviewed automatically by the executive committee of the College of the Arts, and a student may appeal to the Dean. Every attempt will be made to counsel a student into a more suitable major in the event that he or she is unable to meet the standards of the department.

Acceptance of transfer students or current PBA students wishing to declare an art major or minor after their freshman year is based on an entrance interview, preferably supported by a portfolio of previous art work. Acceptance may be full or provisional. If provisional, appropriate recommendations will be made, and opportunities for developmental work may be offered. Upon satisfactory completion of any recommendations, full acceptance will be granted. Such students must maintain a 2.75 GPA for all classes within the major. Classes taken to satisfy minor or general education requirements are not counted towards the minimum necessary GPA. If during either of the first two semesters after being accepted into the program a student does not maintain the minimum necessary GPA their progress will be reviewed by the art faculty to determine if they will be allowed to continue in the program. If there is insufficient evidence to suggest that they will be successful they will be required to change majors.

GENERAL ADMISSION REQUIREMENTS:

See [Admission Requirements](#) for details.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

In addition to University application procedures, prospective students seeking to major in theatre must file an application with the School of Communication and Media. Application materials must include a letter of recommendation from a high school drama teacher or other theatre professional familiar with the student's work. Approval for study in the program is based on several factors, including an audition/interview, and review of previous work. All prospective students must complete an audition and interview with the Theatre faculty prior to the semester of initial enrollment. If a student lives too far from an audition site for a live audition to be practical, a video tape may be submitted for provisional consideration, to be followed up by a live audition and interview when the student arrives on campus. Application materials should be received and auditions completed at least six weeks before the beginning of the student's first term as a Theatre major in order to ensure a place in required courses.

Auditions for the Acting for Stage & Screen Track consist of two contrasting monologues one minute in length, followed by an interview with Theatre faculty. Students auditioning for the Musical Theatre Track must present a musical theatre piece and a one-minute monologue.

Students changing majors or those transferring into Palm Beach Atlantic University should be advised that the sequence of courses for the program requires a minimum of five semesters of study to complete.

ADMISSION REQUIREMENTS TO THE MAJOR/PROGRAM OF STUDY:

In addition to University application procedures, prospective students seeking to major in music must file an application with the College of the Arts. Approval for study as a music major is based on several factors, including an audition, interview, and review of previous work. All prospective students must complete a live audition and interview with the music faculty prior to the semester of initial enrollment. If a student lives too far from an audition site for a live audition to be practical, a digital recording may be submitted for provisional consideration, to be followed up by a live audition and interview when the student arrives on campus. Application materials should be received and auditions completed at least six weeks before the beginning of the student's first term in the music major in order to ensure a place in applied music, ensembles, and required music courses. After a student has been approved for study in a major or principal area, any change requires faculty approval and a new audition/interview. Conditional acceptance in a major or principal area of study must be upgraded to full acceptance by the end of the student's second term in the program. No audition or interview is required for the music minor.
